Intro D A D   A

  D   **G**   **D**
For the times I did not seek Your guidance, forgive me Lord
  D   **G**
And for the times I failed to trust in You Lord
G   **D**
And did things my own way
   A
I thought I could do it all on my own
A   **D**   **A**   **D**
Oh how I failed,   when I look back

When I acted without consulting You Lord, My failures exceeded my gains
And with all the precautions I used to take
I still made more mistakes
It did not matter how careful I was
A   **D**   **A**   **D**   **A**   **D**
Oh how I failed   things had to change   I had to change

But You are kind and merciful Lord
You waited for me and showered me with Your Grace
And now You grant me your wisdom Lord
Each time I ask for Your help
Your way is better Lord and only You know what's best
A   **D**   **A**   **D**   **A**   **D**
I want to change   Show me Your way   I have to change

So let it be done to me Lord, Let it be done according to Your will
You always lead me to freedom Lord
When I surrender my will
Your healing power has rendered me free
A   **D**   **A**   **D**
Oh what a gift   Holy and free
A   **D**   **A**   **D**
Thank you my King   Thank you my Dear
